Hi All

The **Not the AGM Weekend** at Hawker went off really well with 23 happy members attending. Only a few hitches: Alan Malpas lost his top box (happily someone found it and handed it in to the Riverton Police Station); Brian and Daphne Pengilly 'lost' a tyre; Don and I both had an off at the entrance to the caravan park - neither of our bikes dealt with the deep gravel in the middle of the driveway - should have stuck to the tyre tracks!!! I had few sore chest muscles (yes, I do have muscles) where I think I fell on the handlebars. My exhaust pipe didn't fare so well, with an obvious, large ding in the front bit. Later found that the sound of the exhaust had a 'popping' sound added and the entire pipe had been shifted somewhat. I was quoted \$1400 + fitting for a new Honda exhaust and \$5-600 for an after market one. A call to **Terry at Redline Exhausts** had me in Adelaide later in the week getting a good secondhand pipe (used my chrome covers) for \$250 FITTED. Have to be happy about that!

Drs & Nurses Night in Blyth on the 22nd June is set to go with the movie being 'Young Doctors in Love', an R rated comedy that pokes fun at anything medical! (Think Airport.) All info on page 5.

Chris Matthews much anticipated trip to the AGM with Sandy Shaw came to an abrupt end when she had a fall at the servo pumps. From this seemingly simple tumble, Chris ended up in Dubbo Hospital, receiving a new shoulder for her trouble. I saw Chrissie a day before she was ready to go and she was so excited. How quickly our lives can take a different fork in the road.

Kim Lim was also unfortunate with an off on a recent Sunday ride, resulting in broken ribs and a fractured shoulder blade. Ray (Welfare Officer) says it reminds us all how a simple day out can turn into tragedy on every bend, and we should all be grateful that one of nature's gentlemen is OK.

After 3 weeks in sunny Italy and Greece, I will be able to bore you to tears with photos and a diary of my trip in the August issue .

Cheers
Wendy

Hi Everyone,

Well, it looks like winter is finally here after our recent run of fine warm weather. It sounds like all those that went to the AGM had a great time with only a few slight bike problems, as I've always said, if you go away and nothing happens, then you wouldn't have anything to talk about.

There are as always plenty of rides on offer, so don't let the weather put you off coming along on Sundays, as we all know the weather bureau just guesses what the weather will be at any given time. There are also our monthly dinners to look out for and everyone that goes along to these always have a good time The dates and times for the dinners and the rides can be found in the Odyssey and on our branch website which is www.ulyssesadelaide.com.au

On a personal note, I recently experienced being unemployed, not something I have experienced much in the past, but not pleasant all the same. Luckily, I found a better job than I had before, so all is well again.

Please don't forget that this year's Odyssey is being held in Nuriootpa. If you haven't done so already, get your registration for in 'cause it's only just over 4 months away.

A Minnesota farmer named Ole had a car accident. He was hit by a truck owned by the Eversweet Company

In court, the Eversweet Company's hot-shot attorney questioned him thus:

'Didn't you say to the state trooper at the scene of the accident, 'I'm fine?''

Ole responded: 'vell, I'lla tell you vat happened dere. I'd yust loaded my fav'rit cow, Bessie, into da... '

'I didn't ask for any details', the lawyer interrupted. 'Just answer the question. Did you not say, at the scene of the accident, 'I'm fine!''?

Ole said, 'vell, I'd yust got Bessie into da trailer and I vas drivin' down da road.... '

The lawyer interrupted again and said, 'Your Honor, I am trying to establish the fact that, at the scene of the accident, this man told the police on the scene that he was fine. Now several weeks after the accident, he is trying to sue my client. I believe he is a fraud. Please tell him to simply answer the question. '

By this time, the Judge was fairly interested in Ole's answer and said to the attorney: 'I'd like to hear what he has to say about his favorite cow, Bessie'.

Ole said: 'Tank you' and proceeded. 'vell as I vas saying, I had yust loaded Bessie, my fav'rit cow, into de trailer and was drivin' her down de road vin dis huge Eversweet truck and trailer came tundering tru a stop sign and hit me trailer right in da side by golly. I was trown into one ditch and Bessie was trown into da udder ditch.

By yimminy yahosaphat I vas hurt, purty durn bad, and didn't want to move. An even vurse dan dat,, I could hear old Bessie a moanin' and a groanin'. I knew she vas in terrible pain yust by her groans.

Shortly after da accident, a policeman on a motorbike turned up. He could hear Bessie a moanin' and a groanin' too, so he vent over to her. After he looked at her, and saw her condition, he took out his gun and shot her right between the eyes.

Den da policeman came across de road, gun still in hand, looked at me, and said, 'How are you feelin'?'

'Now wot da fock vud you say?'

Friday night we want forget - oh, what an experience! We were on the wrong table and were moved to the bar so they could set up a table, as they had lost our booking! We are old enough to laugh about the matter and then the vouchers and then the lack of meat - well you had to be there to enjoy the moment. But, Great to see Chris and Christine there, and sad that Guy's bike was sick, so the 3 great boys came because they couldn't get to the AGM. We wish Chris, Claire and Lee a speedy recovery. Oh, by the way: the food was great and we discovered some budding chefs at the table with their hot stone cooking.

An elderly lady was invited to an old friend's home for dinner one evening. She was impressed by the way her lady friend preceded every request

to her husband with endearing terms such as: Honey, My Love, Darling, Sweetheart, etc. The couple had been married almost 70 years and, clearly, they were still very much in love.

While the husband was in the living room, her lady friend leaned over to her hostess to say, 'I think it's wonderful that, after all these years, you still call your husband all those loving names.'

The elderly lady hung her head, 'I have to tell you the truth,' she said, 'his name slipped my mind about 10 years ago, and I'm scared to death to ask the cranky old asshole what his name is.'

PORT VINCENT MID-WEEKER

The weather was kind to us, but we missed our regulars, Ross and Geraldine. However, four others joined us after attending the rally at Hawker. The chuck wagon broke down at Pt. Wakefield, but made it to Pt. Vincent before finding out what the problem was, and Alvin spent the rest of the time trying to get it fixed. On Thursday morning (Anzac Day) about half attended the Dawn Service before going for a ride round the southern part of the peninsula. For this ride, we were joined by four Yorke Peninsula members, and Rod Lind led the way. Thursday night it was the usual dinner at the pub, then head for home next morning, with Alvin still worrying whether the car would make it home again. Thankfully, it did. Thanks to all who attended and helped with the chores.

We were particularly pleased that Tuckerway caretaker, Carlene, trusted us enough to leave the key and lock up again in her absence.

Mick Sandley

Not the AGM Hawker, 2013

Although it was windy, the weather was fine as we set out for Clare to meet up with the others going to Hawker.

Nineteen of us then headed to Jamestown for lunch in a picturesque setting by the 'creek'. Then it was off to The Flinders Ranges Caravan Park. I chose this caravan park when the Big4 had a 3 night minimum booking - useless to most people I know.

Don and I manage have an off at the entrance without any real harm done - or so I thought!

After settling into our various accommodations, we met at the well-equipped camp kitchen for 'happy hour', before the ladies and gents from the Hawker Community Sports Centre rocked up to cook our tea - bbq, salads and home-baked cheesecakes. Joy and Udo and their helpers joined in the party atmosphere with there champagne, etc., so a good time was had by all.

Sue and Don had organised breakfast requirements, so there we were back at the camp kitchen for breakfast of bacon, eggs and sausages, etc. Piper had his coffee-making machine which we all appreciated.

Gail and Craig McDonald, and Di and Bruce Lehman arrived Saturday morning and we all set off for Blinman via Wilpena Pound for lunch and time to mix with the locals and enjoy the beautiful day in general. The riders proclaimed it was a great ride on a great road! Sue, Jenny and I took the opportunity to ride in the 4WD with Daphne and Brian (I WAS feeling a tad sore after my off).

Whilst everyone else went straight back to Hawker, Brian took the rest of us back via the gorges, where Daphne and Jenny must have taken a hundred photos!

The scenery was nothing short of spectacular, and whatever the Parks & Wildlife mob is doing to preserve the area, they must have it right! We lost count of the yellow-footed rock wallabies and the myriad of other native fauna. It doesn't seem that long ago that they were trying to reintroduce the yellow-footed rock wallabies into the area and now they are abundant.

We managed to get back to C amp just in ti me for the second bus trip to the Community Club for tea. There is a 12 seater mini bus for hire at the low cost of \$2.80 per k. Well-worth the \$2 pp for everyone to have a relaxing time at the Club. Rod Lind was our driver - well done, Rod!

Steak and veg and amazing sweets was the go, along with plenty of laughs and drinkies.

It was the Golf Club's Open Day and the chocolate wheel had a good work out, with most of the prizes coming to our tables.

Sunday morning and we had another tasty breakfast before heading home.

Sadly, the weather changed somewhat, and so we rode home in the rain, with the first leg bloody freezing! I stayed dry, but Garry's wet weather pants are now in the bin. I believe Don and Michael were nearly drowned.

Despite this little blip on the weekend, nothing could detract from a thoroughly enjoyable time with good friends, good food and an amazing venue. I think the closing of the Iron Knob Hotel was a godsend for us.

Can't wait until June 22, when we get to do it all over again at Blyth!

Wendy King

Winners are grinners! Boy, did we clean up on the chocolate wheel!

Sunday Round-up - photos by Peter - text by Andrew

31st March Wabbit Wun to Milang

A smallish group of around 11 gathered at Civic Park in cool, overcast but fine, conditions. We made our way to Seaview Road and on to Range Road, then through Inglewood and through Chain of Ponds to Cuddlee Creek. We then went along Fox Creek Road to Lenswood, Woodside, on through Inverbrackie to Nairne and Bald Hills Road, Wistow and down the hill to Strath for morning tea. We then headed to Ashbourne and Meadows where we turned to Macclesfield and then Mt Barker, on through Littlehampton to Nairne and then we went through Mt Barker Springs to Wistow again, but this time we went down a different hill to Woodchester and Langehorne Creek. It was a quick trip from here to Lake Alexandrina and finally to Milang for lunch. It was a great day out and on over 250kms we had only a brief light sprinkle of precipitation. It was great to see Ray back with us again, and Kelly, from the bakery, even gave out some free Hot Cross Buns. Here is the link to the video that Kim took on the ride <http://youtu.be/uovokvRv83A>

7th April Day Ride to Williamstown

A great group of around 25 of us lucky folk gathered at Top of Taps in beautiful sunshine before heading off Clarendon and promptly turned up the hill and wound our way to Cherry Gardens and on to Ironbank. From here, we went along Sturt Valley Road and at the top turned right and made our way to Crafers. We then went through the lovely Picadilly Valley and into Uraidla, where we turned to Forrest Range and followed the twisties to Lenswood and on to Swamp Road, which we followed all the way to Greenhill Road and then on to Beaumonts Road and then Tamerallah Road to Mt George. Bridgewater was our next port of call and from here we went to Verdun and then Balhannah for morning tea. We set off again and headed to Littlehampton and Nairne where we turned and went through Brakunga en route to Inverbrackie and Lobethal. We then headed down the hill to Cuddlee Creek and then followed the river to Gumeracha. We then turned here to Forreston and over a hill or two to Birdwood and Mt Pleasant, and Williamstown where we had lunch under the shade of the vines at the corner store. We all had a great ride and much socializing in this great setting. Those heading off to the AGM in the next week were all wished a safe journey there and back. You'll find a couple of videos Kim took from the ride, the second one is Kim's mishap on the way home. <http://youtu.be/BHJg42QjTFI> <http://youtu.be/XBJhLsuqm08>.

Sunday round-up - photos by Peter - text by Andrew

14th April Day Ride to Strath

Well a smallish group of 11 gathered at Civic Park, expected though as a lot have gone to the AGM in Maryborough. We headed off through Snake Gully and on to Kersbrook, over the hill to Forreston and on to Mt Pleasant, from where we went to Birdwood and turning off to Mt Torrens. We then headed to Tungkillo, Palmer and then Mannum for morning tea. We departed Mannum and took a ride on the ferry and on to Murray Bridge. We got onto the Old Princess Hwy and followed this all the way to Nairne (the last 3kms which should have been the best, we were stuck behind a caravan). Our next road was Bald Hills Road, roadworks and all and through Mt Barker, and onto the Flaxley Road. We headed to Macclesfield via Stamps Road and down the hill to Strathalbyn for lunch in High Street. It was pretty much perfect weather for riding, through some mighty fine countryside with great company.

was for a light shower or two, but we had only one brief shower and we got all three spots on the screen. It was a great day out in fantastic riding weather, and the scenery is getting better now there is a slight tinge of green to the countryside.

5th May Day Ride to Meningie

There was a nice group of around 18 at Top of Taps; we set off and made our way to Clarendon and then to Blewitt Springs, McLaren Flat and back to Peters Creek Road, which we followed to Brookman Road into Meadows. We did a loop along Kondaparinga Road, Greenhill Road to Retort Hill and back to Meadows where we turned down Bull Creek Road to Ashbourne, then through the sweeping bends to Strath for morning tea by the Train Station. A couple left here to go home, but we were joined by Craig and Gail who “slept in”, we set off and went through Langehorne Creek where it seems a over zelous copper tried to collar a tailend charlie for speeding when he wasn’t. We then headed to Wellington where we all got on the ferry and rode on to Meningie for lunch by the lake. It was a great day out, if a little cool early, but we were greeted by warming sunshine at lunch.

28th April Day Ride to Normanville

Around a dozen of us were at Civic Park including those who had returned from the AGM. We headed out through Chain of Ponds and up to Gumeracha, where we turned to Lobethal and on to Lenswood. We followed Swamp Road to Balhannah and around the back to Hahndorf. We next headed to Echunga and turned here making our way to Stamps Road and into Macclesfield. We then made our way to Retort Hill and then to Meadows for morning tea. We set off again to Macclesfield down the hill to Strath, then up Paris Creek Road, tricky turn and along Bull Creek Road through Ashbourne. We then turned to Nangkita to Mt Compass, then along the main road and onto Pages Flat Road. We next went over the Myponga Dam and to Normanville for lunch in the beautiful sunshine. Now I know the forecast for today

THIS YEARS PLANNING – if you have any suggestions for this years calendar I need to know ASAP. At the moment we have a couple of long rides scheduled for those who are able to go. I will continue to send out information received from other groups as it arrives. Can you please let the respective ride leaders and organisers from the other groups know if you would like to go on either of the long rides or the other groups rides. At this stage, we continue to meet at the Hot Bread Shop and have been doing impromptu rides.

RIDE CALENDAR

**JUNE
JULY**

AUGUST - BLACK DOG RIDE – ride leader – Mick Baldock

SEPTEMBER

OCTOBER - Ulysses Odyssey

NOVEMBER - Vacany

DECEMBER - Vacant

Ride Calendar.

Note – all official rides will have a ride leader and tail end Charlie –(who will always be last at the back of the group). We will also use Corner Marshals when the ride leader thinks it is required. This means the rider immediately behind the leader will stop and wait on the corner when the ride leader indicates by pointing to the corner. This rider will then remain on the corner directing other riders until tail end Charlie passes. If you are willing to be corner marshal then you need to ride up front behind the ride leader. If you don't then do not ride immediately behind the ride leader. The system will work if adhered to and lets everyone ride with the confidence that they will not get lost or left behind. The ride leader is responsible for relaying the route to the group prior to leaving and - with the tail end Charlie - for knowing how many bikes are in the group. If you intend leaving or joining the ride at a particular point please let the ride leader and tail end Charlie know in advance.

Eyre Peninsula Ulysses Branch Solves Mystery Murder in Peterborough

The intrepid Ulysses group of the Eyre Peninsula decided to stop in Peterborough for the March long weekend at the St. Cecilia Mansion, home of the Catholic Bishop, Johannes Norton, for a few days. It was also a chance to explore the region and learn of its rail and steam history.

But the first night there was not going to let the riders rest easy from their travels.

While entertaining with a small gathering of friends and waiting for the evening meal, and the arrival of their host in the main hall of the mansion, one of the servants rushed in to say that Bishop Norton was dead! And, in fact, she thought he had been murdered.

Well! That put the cat amongst the pigeons so to speak. The stoic group got up from their cosy positions and rushed out to see for themselves how this ill lot could have befallen their gracious benefactor. With shock and horror they found the crime scene to be as the young lady had said: a MURDER scene. A quick phone call to the police, and the local inspector was soon on hand to begin the questioning and help with the task of searching for clues, which now fell upon this, the small group eager to help police in their endeavours.

If you haven't heard about the famous Saint Cecilia Mansion Murder Mystery Tours, then you have a wonderful surprise in store should you ever decide to extend your boundaries into being an amateur detective. Our real host, of course, was Annette Barrette Frankel, an in house artist and conveyor of the murder mystery and tour, and a gracious host to boot.

When we arrived at the mansion on Saturday, we received a history lesson about the house and the bishop. One of the things that cropped up in the conversation was that the actual building is visited regularly by investigators of the paranormal, or you might say, ghost busters, I have to say right there and then, we had our theme for the weekend, and as you wandered the rooms you did get a sense of something

The evening meal was spent deliberating just actually what had happen to Bishop Norton, all of which made the murder mystery into a fun evening, with lots of laughs.

The murder wasn't solved until the next morning at breakfast, where the last round of clues was given and the budding investigators concluded their over powering evidence that it was but if we told you who killed the Bishop, it wouldn't be a mystery would it.

Top Product

Over the years, I have always had a problem with wet weather over pants, e.g., leaking at the seam, tearing, etc.

A couple of years ago I purchased a pair of Seals - Seal Flex Pants from A.S. Horne Consolidated Pty. Ltd. They have a degree of stretch which makes mounting and dismounting the bike much easier and also welded seams that do not leak.

The company is an old, South Australian firm which has been operating for 76 years, and are famous for making waders for professional fishermen.

These pants are not made in Australia, but are an excellent imported product. The Sales Manager, Penny, is the daughter of the owner and she has great product knowledge.

If you mention the Ulysses Club she will supply them at a discounted price.

News from Miss Jane

Hello,

We have been trying to find a way to make a difference in our local community for a while now and decided to provide baby mosquito net bed for newborns.

Infant mortality is very high here in PNG and malaria is one of the main causes. By keeping the mozzies away from the babies as much as possible, we know we can save lives.

At our local hospital there are on average 50 babies born every week. Taking into account the rural hospitals at Keravat and Nonga, plus the bush clinics, the total is closer to around 500 live births a month.

We have been very fortunate to find a local company who will import the baby beds for us on a regular basis at a very low cost. We ordered our first 1,000 in February and they are due to arrive Wednesday April 24th.

On going fund-raising is crucial so we can keep up supply.

The Kiwi Club in Port Moresby have kindly offered to pay for our first shipment.

We have been fund-raising by selling pancakes , sausage sizzles and gourmet hotdog drives at local events here and we are well on the way to funding the next shipment.

Future fund-raisers are scheduled at local football games & a fashion parade is being organised to be held in August.

Who are we?

We are a group of expat wives & volunteers residing in Kokopo, East New Britain Province PNG.

We have close ties with the expatriate doctors & midwives at the local and rural hospitals. They have been able to give us the information and feedback we need and also have become the point of distribution for the baby beds.

How can you help? Basically, **for every 3 Australian dollars raised, we can provide a baby mosquito net bed.**

We have no other costs every cent goes to purchasing more beds, our time is free.

We have attached some photos which we are happy for you to share with others.

If you wish to become involved, be it in an individual small way or a corporate fund raiser or something in between like a morning tea, please contact us for further details.

Hottie from the Past
Can you guess who this is?

Answer are on the last page.

Registrations now open

We are excited to announce that registrations are now open for the 4th annual Black Dog Ride to the Red Centre.

Black Dog Riders in every state and territory depart on August 17 to ride throughout regional Australia, raising awareness of depression and suicide prevention, culminating in a national meet up in Alice Springs. Since 2010, the Black Dog Ride to the Red Centre has raised over \$500,000 for mental health services and started the conversation of depression awareness in every corner of the country. To be part of this epic unforgettable ride you can register here.

Once you've registered, head over to the Fundraising Page at Everyday Hero and get started on helping us to support two wonderful organisations, Lifeline and Mental Health First Aid. You can share it with your friends, family, club and colleagues easily via Facebook, Twitter or email. You can also make a direct donation without making your own page. Donations are 100% tax deductible and go straight to Lifeline who will then split the funds with Mental Health First Aid.

We realise that not all riders who would like to take part in the Ride can make the time commitment to go all the way to the Red Centre so to make it accessible to a wider range of riders for 2013 we have several categories of Black Dog Rider. More details here.

I look forward to joining you on the road to the Red Centre.

Cheers...Steve

LOUD SEX

A wife went in to see a therapist and said, 'I've got a big problem, doctor.

Every time we're in bed and my husband climaxes, He lets out this ear splitting yell.'

'My dear,' the shrink said, 'that's completely natural. I don't see what the problem is.'

'The problem is,' she complained, 'it wakes me up!'

QUIET SEX

Tired of a listless sex life, the man came right out and asked his wife during a recent lovemaking session,

'How come you never tell me when you have an orgasm?'

She glanced at him and replied, 'You're never home!'
